PROFESSIONAL SUMMARY

Detail-oriented Frontend Developer specializing in React.js and modern UI frameworks. Experienced in building dynamic Single Page Applications (SPAs) with complex state management, responsive layouts, and interactive animations. Coming from a Management Information Systems (MIS) background, I possess a strong understanding of database structures and RESTful APIs, enabling me to seamlessly integrate pixel-perfect frontend interfaces with complex backend data to deliver exceptional user experiences.

TECHNICAL SKILLS

- Frontend Technologies:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Framer Motion.
- State Management & Routing:** React Context API, Custom Hooks, React Router DOM.
- API Integration & Tools:** Axios, RESTful APIs, Git, GitHub, Vite, Postman.
- Familiar With (Backend Context):** PHP, Laravel, MySQL (Enables highly effective cross-team collaboration).

SOFTWARE DEVELOPMENT PROJECTS

Advanced E-Commerce SPA & Admin Dashboard

Personal Project | [View on GitHub ↗](#)

- Developed the complete user interface for a decoupled e-commerce platform using **React.js** and **Tailwind CSS**, ensuring a fully responsive, mobile-first design.
- Implemented an advanced global state management system using **React Context API** for seamless, real-time Shopping Cart and Wishlist operations.
- Engineered an Optimistic UI with dynamic Facebook-style product reactions and smooth page transitions using **Framer Motion**.
- Integrated frontend components securely with a custom Laravel REST API, handling JSON payloads and token-based authentication (Sanctum).
- Designed an intuitive Admin Dashboard UI allowing dynamic management of products, categories, orders, and vendors.

WORK EXPERIENCE

Data Entry Operator & Data Analyst

2021 – Present

International Ready-Made Garments Company

- Managed and processed large-scale, complex datasets using SAP ERP and Advanced Microsoft Excel.
- Maintained a high level of accuracy and data integrity, developing a keen eye for detail that directly translates to debugging UI components and structuring frontend data.

EDUCATION

Bachelor's Degree in Management Information Systems (MIS)

Graduation Year: 2021

Higher Institute of Management and Information Technology, Kafr El-Sheikh
